

# Rotary Project Honors Nomination Form

**Goal:** To identify, recognize, honor and celebrate the outstanding accomplishments of Rotarians, Rotary Clubs Districts and Rotary Zones over the last 100 years and to select a finite number of activities for special recognition at the Zones 31 & 32 Celebration to be held October 7-10, 2004 at the Hyatt Regency located in Cambridge, Maryland. This is also intended to encourage Rotary Clubs & Districts to proudly publicize their history of service.

All Rotary Clubs and Districts, in Zones 31 & 32, are invited (and encouraged) to submit a description of a service project they completed and consider to be worthy of a Zone Honor. The service project may have been accomplished any time during the existence of the Rotary Club or District. The accumulation of these projects will help celebrate our 100 years of Rotary. Every Rotary club should review the history of service they have provided since their origin and submit the most significant to their district Centennial Committee.
